### Sanyo 52" LCDp/ 120Hz LCD HDTV with Built-in Digital Tuner

With a full array of HDMI, Component Audio/Video, S-Video, Composite Audio/Video and RF inputs, you have plenty of options for DVD, VCR, Cable, Satellite and external antenna hookups. A coaxial digital audio output allows hookup to a home entertainment receiver amplifier system for theater like sound. Additional PC/Mac input allows alternative use as a computer monitor. A new for 2009 USB input allows Photoviewer access to jpeg photos. With a thin space saving design and small footprint, it can be positioned anywhere. The detachable pedestal base stand allows it to be wall mounted.

### BOSE 3-2-1 GS Series III DVD Home Entertainment System

The Bose® 3-2-1® GS Series III DVD home entertainment system puts you at the center of exciting home theater with greater simplicity. Just two visible Gemstone speaker arrays — Bose's smallest, most powerful 3-2-1 speakers — and a hideaway Acoustimass module deliver enhanced sound performance from almost anything you watch.

Enhanced media center - Enjoy a home theater experience from your movies, music and TV without a stack of components. This elegant media center houses a progressive scan DVD/CD player, FM/AM tuner. With an HDMI output, it's even easier to connect this system to your HDTV. You will not believe the sound.
